

Entira Notifies Patients of Data Security Incident

St. Paul, MN: January 13, 2021 – Entira has learned of a data security incident experienced by Netgain Technology, LLC (“Netgain”), the cloud IT service provider for Entira. Entira has sent notification of this incident to potentially impacted individuals and has provided resources to assist them.

What Happened

Netgain is a third-party entity that offers hosting and cloud IT solutions primarily for the healthcare and accounting industry. Entira, along with thousands of other healthcare entities, retained Netgain for online hosting of its environment, including cloud services and e-mail. Netgain was the target of a cybersecurity incident. Upon discovery, we worked with our information technology (IT) support team and engaged a law firm specializing in cybersecurity and data privacy to investigate further. We have also stayed in close communication with Netgain and its breach counsel regarding Netgain’s incident response and forensic investigation.

Based on the results of this investigation, we have determined that information, including name, address, social security number and medical history, were potentially accessed by an unknown party that is not authorized to handle or view such information. **At this time, Entira does not have any evidence to indicate that any personal information has been or will be misused as a result of this incident. Nevertheless, Entira decided to notify potentially impacted individuals of this incident out of an abundance of caution.**

What We Are Doing

In light of this incident, Entira is working to improve security and mitigate risk by reviewing and altering our policies and procedures relating to the security of our systems and servers, as well as our information life cycle management. We also performed a security audit of the Netgain environment to insure stricter security in Netgain’s cloud hosting site. Further, as a safeguard, we have arranged for every potentially impacted individual to enroll in a complementary, online credit monitoring service provided by ID Experts Corp. (“IDX”). With this protection, IDX will help resolve issues if their identity is compromised.

What You Can Do:

We encourage all potentially impacted individuals to contact IDX with any questions and to enroll in free IDX services by calling (833) 365-2600 or by going to <https://response.idx.us/entira> and using the Enrollment Code provided in the notification letter. IDX is available Monday through Friday 8 am – 8 pm Central Time. Please note the deadline to enroll is April 13, 2022.

Credit Reports: You may obtain a copy of your credit report, free of charge, whether or not you suspect any unauthorized activity on your account. You may obtain a free copy of your credit report from each of the three nationwide credit reporting agencies. To order your free credit report, please visit www.annualcreditreport.com, or call toll-free at 1-877-322-8228. You can also order your annual free credit report by mailing a completed Annual Credit Report Request Form (available at <https://www.consumer.ftc.gov/articles/0155-free-credit-reports>) to: Annual Credit Report Request Service, P.O. Box 105281, Atlanta, GA, 30348-5281.

Security Freeze: You also have the right to place a security freeze on your credit report. A security freeze is intended to prevent credit, loans, and services from being approved in your name without your consent. To place a security freeze on your credit report, you need to make a request to each consumer reporting agency. You may make that request by certified mail, overnight mail, regular stamped mail, or by following the instructions found at the websites listed below. The following information must be included when requesting a security freeze (note that if you are requesting a credit report for your spouse or a minor under the age of 16, this information must be provided for him/her as well): (1) full name, with middle initial and any suffixes; (2) Social Security number; (3) date of birth; (4) current address and any previous addresses for the past five years; and (5) any applicable incident report or complaint with a law enforcement agency or the Registry of Motor Vehicles. The request must also include a copy of a government-issued identification card and a copy of a recent utility bill or bank or insurance statement. It is essential that each copy be legible, display your name and current mailing address, and the date of issue. As of September 21, 2018, it is free to place, lift, or remove a security freeze. You may also place a security freeze for children under the age of 16. You may obtain a free security freeze by contacting any one or more of the following national consumer reporting agencies:

Equifax Security Freeze P.O. Box 105788 Atlanta, GA 30348 1-800-349-9960 https://www.equifax.com/personal/credit-report-services/credit-freeze/	Experian Security Freeze P.O. Box 9554 Allen, TX 75013 1-888-397-3742 www.experian.com/freeze/center.html	TransUnion Security Freeze P.O. Box 160 Woodlyn, PA 19094 1-800-909-8872 www.transunion.com/credit-freeze

Fraud Alerts: You can place fraud alerts with the three credit bureaus by phone and online with:

- Equifax (https://assets.equifax.com/assets/personal/Fraud_Alert_Request_Form.pdf);
- TransUnion (<https://www.transunion.com/fraud-alerts>); or
- Experian (<https://www.experian.com/fraud/center.html>).

A fraud alert tells creditors to follow certain procedures, including contacting you, before they open any new accounts or change your existing accounts. For that reason, placing a fraud alert can protect you, but also may delay you when you seek to obtain credit. As of September 21, 2018, initial fraud alerts last for one year. Victims of identity theft can also get an extended fraud alert for seven years. The phone numbers for all three credit bureaus are at the bottom of this page.

Monitoring: You should always remain vigilant and monitor your accounts for suspicious or unusual activity.

File Police Report: You have the right to file or obtain a police report if you experience identity fraud. Please note that in order to file a crime report or incident report with law enforcement for identity theft, you will likely need to provide proof that you have been a victim. A police report is often required to dispute fraudulent items. You can generally report suspected incidents of identity theft to local law enforcement or to the Attorney General.
